

VProp Trader Climber Account – Terms and Conditions

These Terms and Conditions govern the use of VProp Trader's Climber Account. By purchasing or using this product, you agree to all rules and conditions stated herein.

1. Overview and Structure

1.1 Structured for Progressive Evaluation

The Climber Account is a structured 2-stage evaluation program designed to assess both your discipline and profitability before granting access to a funded account. The program includes a **Warm-Up Stage** and a **Step-Up Stage**, followed by a **Funded Stage** (funded account) upon successful completion.

1.2 Account Sizes

Available account sizes include **\$2,000**, **\$5,000**, and **\$10,000**.

1.3 Leverage

Accounts are available with leverage of **1:30** or **1:100**, depending on the chosen Pro Account Type.

2. Evaluation Step and Trading Rules

2.1 Warm-Up Step

- **Profit Target:** 5%
- **Maximum Daily Loss:** 10%
- **Maximum Total Loss:** 20%
- **Minimum Trading Days:** 2
- Traders must demonstrate basic trading discipline and meet the target without breaching loss limits.

2.2 Step-Up Step

- **Profit Target:** 5%
- **Maximum Daily Loss:** 5%
- **Maximum Total Loss:** 10%
- **Minimum Trading Days:** 4
- This stage evaluates consistency and tighter risk control before moving to a live funded account.

2.3 Prop Trader Step (Funded Account)

- **Profit Target:** No fixed target
- **Maximum Daily Loss:** 4%
- **Maximum Total Loss:** 6%
- **Minimum Trading Days:** Not required

- Traders can begin earning payouts under live funded conditions.

2.4 Maximum Loss Definitions

Daily Loss includes all closed trades and floating losses within a calendar day. Total Loss refers to equity or balance falling below the stated limit relative to the starting balance.

2.5 News and Weekend Restrictions

Basic Account:

1. **Funded Stage:** You are not allowed to open or close trades within 2 minutes before or after major news events. Overnight positions and weekend trading are also not allowed.
2. **However, in Step 1 and Step 2:** News trading, overnight positions, and weekend trading are allowed.
3. **Violation of this rule** will result in the affected trades being removed and the challenge being marked as failed.

Pro Account:

News trading, weekend trading, and overnight positions are all allowed.

2.6 Account Leverage

Basic Account:

Instrument	Leverage
Forex/Gold	1:100
CFD/Indices	1:20
Cryptocurrency	1:1

Pro Account:

Instrument	Leverage
Forex/Gold	1:30
CFD/Indices	1:10
Cryptocurrency	1:1

3. Trading Conduct and Restrictions

3.1 Permitted Strategies

Discretionary, trend, and swing trading are allowed. Use of third-party EAs is permitted only for trade and risk management.

3.2 Prohibited Activities

- Latency or reverse arbitrage
- Tick scalping
- Server manipulation or spamming
- Hedging across accounts
- High-frequency trading
- Copy trading, signal bots, or third-party account management

3.3 Independent Trading Only

All trades must be executed by the account holder. Any form of trade copying or outsourcing is prohibited.

4. Funded Account & Rewards

4.1 Funded Status

After completing both Warm-Up and Step-Up stages, accounts will be reviewed. Upon approval, the trader will receive a funded Prop Trader account with the applicable parameters.

4.2 Payouts

- You will receive a reward after 14 days of live trading on the funded account, **provided that** the profit from the profit share is more than **\$50**.
- **Profit Share:** All eligible profits will be paid out at an **80% profit share rate**.

5. Refund Policy

5.1 Fees

All fees for the Climber program are **non-refundable**. You will only receive a refund of the challenge fee upon your **first payout after reaching the Funded Stage**.

6. IP Address Region Consistency

To maintain the integrity of the evaluation process and ensure account security, the region of your IP address used to:

- Purchase the evaluation
- Log into the V Prop Trader dashboard
- Access your trading account (during both the Evaluation Phase and the Funded Account)

must remain reasonably consistent.

If our Risk Team detects a sudden or suspicious change in your IP address region, we may reach out for verification and request supporting documentation.

Using a VPS or VPN for Trading

You may use a VPS or VPN throughout your challenge.

However, if our Risk Team identifies a change in your IP region, we may request verification. Acceptable proof may include:

- Proof of ownership for the VPS or VPN, such as an invoice with your name
- Use of a static IP address, which we can whitelist to avoid unnecessary disruption

Trading While Traveling

You are allowed to travel and trade from anywhere using your V Prop Trader account. While using the same IP address is not mandatory, any change in IP location must follow a consistent and realistic pattern.

If a sudden or unrealistic change in your IP activity is detected, our team may request verification. Acceptable proof may include:

- A boarding pass or plane ticket showing your travel details
- A passport stamp confirming entry into the new region
- A short live video demonstrating your presence at the new location

This verification process is in place to protect your account and ensure access is restricted to authorized individuals only.

7. Inactivity Policy

An account will be deemed expired and deactivated if no trades are executed for 30 consecutive days. To maintain active status, traders must log in and place at least one trade within every 30-day period.

Inactive accounts (no trades for 30 days) consume resources and may impact platform performance for active traders. Maintaining activity ensures compliance and helps us optimize resources for a smooth trading environment.
